

Prof. Dr. Mehmet Yakın

Specialization: Ophthalmology

Educational Information

Year	Organisation	Section
2002- 2008	Hacettepe University	Faculty of Medicine
2009- 2013	Ankara Training and Research Hospital	Ophthalmology Specialization

Experience

Year	Organisation	Task/Department
2013-2017	Ankara Training and Research Hospital	Eye Diseases
2018-2021	Clinical and Translational Immunology Section of Laboratory of Immunology, and Uveitis Clinic, National Eye Institute / National Institutes of Health, Maryland, United States	Uveitis and Ocular Immunology Clinical Research Abroad in the Field Officer
2021-2022	Ankara Training and Research Hospital	Eye Diseases
2022-Halen	Lokman Hekim University Ankara Hospital	Department of Ophthalmology

Areas of Expertise

- Uveitis and ocular immunology
- Glaucoma: Medical and Surgical treatment
- Cataract surgery

Memberships

- American Academy of Ophthalmology (AAO)
- Association for Research in Vision and Ophthalmology (ARVO)
- Turkish Ophthalmology Association (TOD)
- Turkish Republics Ophthalmology Association (TCOD)

Awards and Certificates

- Research support for clinical and translational studies in the field of uveitis and ocular immunology **from 2018-2020** (NIH, Maryland, United States).
 - **2019** NIH, congress participation support (The Association for Research in Vision and Ophthalmology (ARVO)) annual conference), Vancouver, British Columbia, Canada.
 - State citizens to be sent abroad for training purposes by the Turkish Ministry of Health **in 2017**
Support for overseas training in Uveitis and Ocular Immunology within the scope of the Regulations Concerning Civil Servants.
 - **2017** Turkish Ophthalmology Association, 51st National Congress, First Prize for Best Poster Presentation
 - **2017** Turkish Ophthalmology Association international congress participation support (European Society of Cataract & Refractive Surgeons (ESCRS) 21st Winter Meeting, Maastricht, Hollanda).
 - **2015** Turkish Ophthalmology Association, laboratory project support: Lacrimal gland in radioiodine-treated rats
Investigation and evaluation of the radioprotective effect of coenzyme Q10.
-
- Flow cytometry principles and methods, Montgomery College, Maryland, ABD, 2018
 - Certification for working safely with HIV and other bloodborn pathogens, NIH, Maryland, ABD, 2018
 - Certification for laboratory safety, NIH, Maryland, ABD, 2018
 - Animal testing certificate, Ankara, Turkey, 2015

Foreign Language and International Exam Certificates

United States Medical Licensing Examinations (USMLE)

- USMLE Step 1
- USMLE Step 2 Clinical Knowledge
- USMLE Step 2 Clinical Skills
- USMLE Step 3

International Council of Ophthalmology (ICO) Board Exams

- ICO, The Basic Science Examination in Ophthalmology
- ICO, The Clinical Sciences Examination in Ophthalmology
- ICO, The Theoretical OPTics & Refraction Examination in Ophthalmology

Overseas Research Activities (United States of America)

- **2020-2021:** Evaluation of ocular findings in chronic granulomatous disease. Uveitis Section, NEI, NIH.
- **2020-2021:** Evaluation of the effect of topical difluprednate treatment on intraocular pressure in uveitis. Uveitis Section, NEI, NIH.
- **2018-2021:** Immune cells in the bloodstream and serum biological markers of uveitis patients incelenmesi. Laboratory of Immunology, Clinical and Translational Immunology Section, NEI, NIH.
- **2019-2021:** Automated retinal vascular leakage in uveitis patients using an artificial intelligence algorithm Determination. Uveitis Section, NEI, NIH.
- **2019-2021:** The relationship between clinical characteristics of uveitis and QuantiFERON-TB Gold test results evaluation.
- **2019-2021:** Retinal function in uveitis patients with chronic retinal vascular leakage Electroretinographic evaluation. Uveitis Section, NEI, NIH.
- **2019-2021:** Evaluation of the relationship between clinical characteristics of uveitis and latent tuberculosis. Uveitis Section, NEI, NIH.
